

# MOVE YOUR MONEY

Share of Bank Deposits

Share of Small Business Lending

Across the nation, individuals, businesses and governments are choosing to put their dollars with banks they can trust. Locally owned banks and credit unions often operate via personal relationships, charge lower fees, offer the same modern services and are more likely to lend to local businesses, nonprofits and entrepreneurs.

A recent survey found that nearly 1 in 10 Americans had moved at least some of their banking business from large to small banks since 2008. Is it time for you to join us in the movement? If so, you might want to start with East Cambridge Savings Bank. Located at 285 Highland Avenue, the Bank has been a trusted financial banking center in Somerville for over 30 years. In looking for local banking options, East Cambridge Savings Bank stood out with its complete range of business banking services from Online Banking to Remote Deposit Capture to SBA Lending to Term Loans. More importantly, East Cambridge Savings Bank has a longstanding commitment to delivering personalized customer service and lending money to local businesses, nonprofits and entrepreneurs.
